ALUMINUM DRILL PAD & CANOPY

Our powerful surface drills deserve a strong and secure platform to operate on while guarding you from the elements. The NWDrills Drill Pad & Canopy offers just that. Strong, secure, light weight with simple construction so it can be easily assembled by two people even in the harshest of environments. Resistant to corrosion, rust and chemicals, our unique fiberglass grate floor design beats steel flooring hands down. Rest assured under the elements with our strong and secure canopy overhead and our mighty drill pad underneath while your drill makes short work of the task at hand.
