

NW-PP111

Hydraulic Welder

Powerful Lightweight Portable Welder.

This mighty welder is uniquely designed to run off the hydraulics from any of our Man-Portable Drills. The NW-PP111 Hydraulic Welder is so light, yet so powerful, there's no need to haul in extra power supplies to run your welder or your power tools.

Saving you time and money!

Doubles As A Powerful Genset!

The NW-PP111 also doubles as a powerful Genset. The included outlet provides single phase 120v or 240v power at 60 hz up to 33 amps. That's more than enough power to operate any power tool on any drill site!

(Optional PP1112 Plug Adapter is required to use standard NA power tools.)

Technical Information

Hydraulic Unit

Oil at: 44 lpm (11.6 gpm) up to 210 Bar (3000 psi)

Tank Line: 9.5mm (3/8") QDC

Pressure Line: 9.5mm (3/8") QDC

Weight: 54.4 kg. (120 lbs)

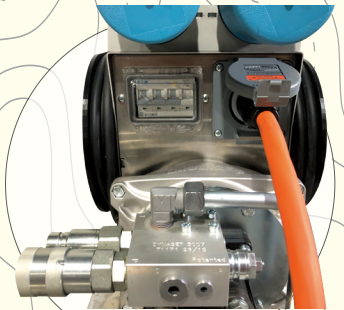

Power Unit

Welder: 210A - 35% / 170A - 35% V=22 + 28.4V

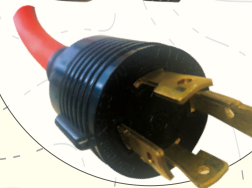

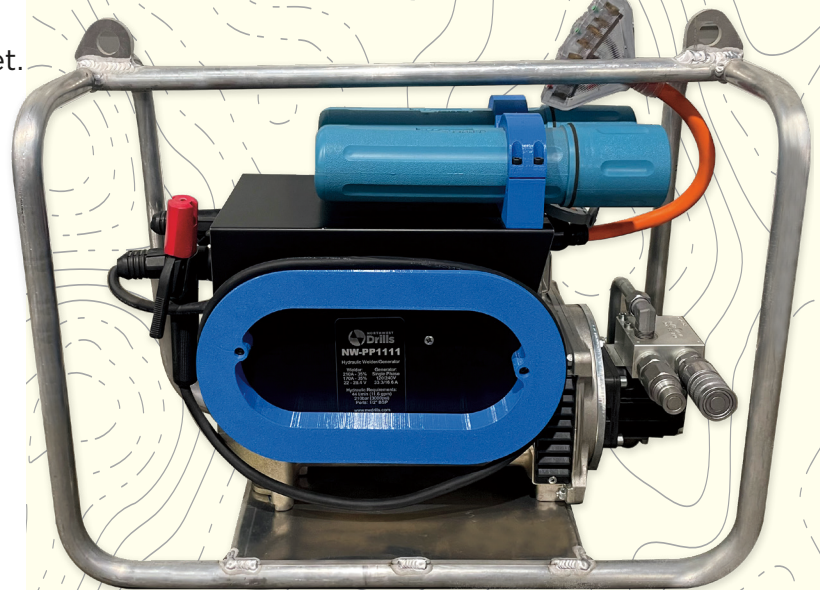

Outlet: 120/240V 33.3/16.6A

Simple controls for included cables

13mm (1/2") Flush Face QD (DHP Circuit)

Optional Plug Adapter NW-PP1112
