# HYDRAULIC DRILLING FLUID PUMP

**Northwest Drills' revolutionary Drilling Fluid Pump** transforms available hydraulic power into extreme pumping power.

It's built tough, small in size and SUPER lightweight, making this pump one of the most cost effective and efficient designs on the planet.

This patented drilling pump is totally free of rotating parts dramatically reducing wear and tear therefore having no need for lubricants. This pump is also self priming and does not require any feed pressure.

SO EASY TO USE, Northwest Drills' **Hydraulic Drilling Fluid Pump** is THE BEST choice for any man-portable drill!

## Technical Information

### Hydraulic Drilling Fluid Pump

**Part Number:** NW-SP1128
