HYDRAULIC DRILLING FLUID PUMP

World's Best Power To Size Ratio!

So portable, so lightweight, so easy to use. This mini powerhouse is super low maintenance with NO hydraulic motor required. It's also self priming making your experience worry-free.

The SP1135 is great for pumping drilling fluids. The linear output from 0-100% is controlled by the Hydraulic Fluid and you control it's actions by the remote Drill Control Panel so you can command it from where you're most comfortable.
