# REMOTE WATER SUPPLY PUMP

**Northwest Drills' new advanced Remote Water Supply Pump will revolutionize your water supply needs.**

The lightest remote Water Supply Pump in it's class. Designed with a durability and ruggedness to run 24/7. Built with industry leading components and an all aluminum frame. This next-level supply pump is extremely lightweight making it great for transport! It has an electric start and built in belt tensioner making this gem a breeze to use and maintain.

The Water Supply Pump comes standard with the Yanmar Engine, an Admiral Pump, a 100L Fuel Tank and includes a 4cm (1.5") Suction Hose plus an easy "ON/OFF Guard and Manual Throttle Control.
